1) Review of Performance (Cont'd)

a) Quarter ended 31 March 2021 ("1Q 2021") compared with quarter ended 31 March 2020 ("1Q 2020")

The Group's revenue in 1Q 2021 was RM623.3 million, a decrease of 68% compared with RM1,955.9 million in 1Q 2020. The leisure and hospitality segment of the Group recorded lower revenue in 1Q 2021 as a result of the temporary closure of the Group's businesses in Malaysia and the United Kingdom ("UK"), in addition to the Group's properties operating at a reduced capacity in compliance with the respective government directives amid the outbreak of the COVID-19 pandemic.

The decrease in revenue for this quarter was mainly due to:

1. lower revenue from the leisure and hospitality business in Malaysia by RM926.1 million or 76%, mainly due to the decline in the overall business volume from gaming and non-gaming segments following the re-imposition of a Movement Control Order by the government, which has resulted in a temporary closure of Resorts World Genting ("RWG") from 22 January 2021 until mid-February 2021. Additionally, stricter travel restrictions nationwide had resulted in lower visitation and overall business volume at RWG;
2. lower revenue from the leisure and hospitality businesses in the UK and Egypt by RM331.0 million or 89%, mainly due to the nationwide lockdown in UK with effect from early January 2021, where all the land-based casino and resort operations were temporarily closed. Casino operations in Cairo, Egypt which has resumed operations since October 2020 continue to operate with lower business volume in 1Q 2021; and
3. lower revenue from the leisure and hospitality businesses in the United States of America ("US") and Bahamas by RM64.4 million or 20%, mainly due to Resorts World Casino New York City ("RWNYC operations") operating with reduced capacity and limited operating hours following the recommencement of its business since September 2020.

The Group's leisure and hospitality business worldwide continued to report a lower cost structure in 1Q 2021 following the re-calibration of the Group's operating structure and right-sizing of its workforce in response to the unprecedented disruptions to the Group's operations amid the COVID-19 pandemic.

The Group reported adjusted LBITDA of RM110.4 million in 1Q 2021, compared with adjusted EBITDA of RM355.4 million in 1Q 2020 mainly due to:

1. adjusted LBITDA of RM83.6 million in 1Q 2021 as compared to adjusted EBITDA of RM331.2 million in 1Q 2020 from the leisure and hospitality business in Malaysia, mainly due to lower revenue, mitigated by lower operating expenses and a reduction in payroll and related costs as a result of lower headcount;
2. adjusted LBITDA of RM51.7 million in 1Q 2021 as compared to adjusted EBITDA of RM22.8 million in 1Q 2020 from the leisure and hospitality business in UK and Egypt, mainly due to lower revenue, mitigated by a reduction in operating expenses; and
3. adjusted LBITDA of RM27.1 million in 1Q 2021 as compared to adjusted EBITDA of RM10.3 million in 1Q 2020 from the property segment, mainly due to higher land taxes imposed on certain assets in Malaysia; mitigated by
4. higher adjusted EBITDA by RM53.9 million from the leisure and hospitality businesses in the US and Bahamas, mainly due to lower payroll costs and operating expenses for RWNYC operations, offset by lower revenue.

The Group's loss before taxation in 1Q 2021 was RM559.7 million compared with RM446.6 million in 1Q 2020, an increase of 25%, mainly due to:

1. adjusted LBITDA as mentioned above; mitigated by
2. impairment losses of RM346.3 million in relation to the assets of Resorts World Birmingham and Resorts World Bimini as well as certain casino licences and assets in the UK during 1Q 2020; and
3. lower share of losses in an associate, Genting Empire Resorts LLC, the holding company of Empire Resorts, Inc. ("Empire"), of RM45.4 million in 1Q 2021 compared to RM100.1 million in 1Q 2020. The lower share of losses 1Q 2021 was mainly due to the Group's share of costs associated with the refinancing of Empire's loans in 1Q 2020. Furthermore, there was an improvement in Empire's operating performance in 1Q 2021 following the resumption of its business since September 2020.

2) Material Changes in Loss before Taxation for the Current Quarter (“1Q 2021”) compared with Profit before Taxation for the Immediate Preceding Quarter (“4Q 2020”)

Loss before taxation for 1Q 2021 was RM559.7 million compared with RM285.1 million in 4Q 2020, mainly due to:

1. adjusted LBITDA of RM83.6 million in 1Q 2021 compared with adjusted EBITDA of RM130.8 million in 4Q 2020 from leisure and hospitality business in Malaysia mainly due to lower revenue as a result of the suspension of RWG’s operations for approximately one month in 1Q 2021 and the implementation of stricter travel restrictions nationwide;
2. adjusted LBITDA of RM16.6 million in 1Q 2021 from “investments and others” segment as compared to adjusted EBITDA of RM12.4 million in 4Q 2020, mainly due to unrealised foreign exchange translation losses on USD denominated liabilities due to the weakening of RM against USD during current quarter; and
3. higher adjusted LBITDA from the property segment by RM24.3 million mainly due higher land taxes imposed on certain assets in Malaysia; mitigated by
4. lower impairment losses by RM42.3 million due to impairment of certain casino licences and assets in the UK during 4Q 2020.

3) Prospects

The recovery momentum of the global economy is expected to continue, aided by the fiscal and monetary policy support in certain major economies as well as the ongoing roll-out of mass vaccination programmes. However, uncertainties surrounding the global outlook remain given the evolving COVID-19 situation. In Malaysia, the reinstatement of stricter containment measures in various locations due to a resurgence in COVID-19 cases will affect economic activities in the near-term.

The outlook for the tourism, leisure, and hospitality industries remain highly uncertain as recovery setbacks persist amid ongoing travel restrictions in response to the pandemic. Consequently, the regional gaming market will continue to face significant challenges in the short-term.

The Group maintains its cautious stance on the near-term prospects of the leisure and hospitality industry.

In Malaysia, the imposition of a third Movement Control Order (MCO 3.0) nationwide will continue to adversely impact the Group’s business following the temporary closure of RWG’s casino operations from 24 May 2021. The Group will continue to assess its operating structure to align its cost base to the challenging operating and business environment. The health and safety of the RWG community remain central to the Group’s efforts. While the Group continues to work towards the completion of Genting SkyWorlds outdoor theme park in the third quarter of 2021, the opening date of the park is dependent on developments surrounding the COVID-19 situation and its impact to the leisure and hospitality sector in the country.

In the UK, the Group’s land-based casinos have reopened since 17 May 2021. The Group will focus on driving revenues and business volume at its venues, while adopting an agile approach in managing its cost structure and business model to better adapt to the new operating environment.

In the US, the Group remains committed to reinforcing its position in the New York State gaming market by leveraging synergies between RWNYS and Resorts World Catskills to develop and grow its strong local market exposure. Meanwhile, preparations are in place for the opening of the new 400-room Hyatt Regency JFK at Resorts World New York hotel from the middle of 2021. With the roll-out of new amenities at RWNYS, the expansion project will improve RWNYS’s competitive position in the region, in addition to providing the Group with an ideal platform for growth. In the Bahamas, the Group will continue to focus on driving visitation and spend at RW Bimini.

4) Variance of Actual Profit from Forecast Profit

The Group did not issue any profit forecast or profit guarantee for the financial year.

PRESS RELEASE

For Immediate Release

**GENTING MALAYSIA BERHAD ANNOUNCES RESULTS FOR THE
FIRST QUARTER ENDED 31 MARCH 2021**

- **Group earnings in 1Q21 impacted by pandemic-related containment measures in Malaysia and the UK**
- **Opening date of Genting SkyWorlds will be dependent on developments surrounding the COVID-19 situation and its impact to the leisure and hospitality industry in Malaysia**
- **Group's US operations continue recovery trajectory**

KUALA LUMPUR, 25 May 2021 – Genting Malaysia Berhad (Group) today announced its financial results for the first quarter ended 31 March 2021 (1Q21).

The Group's total revenue declined by 68% to RM623.3 million and the Group registered adjusted loss before interest, taxation, depreciation and amortisation (LBITDA) of RM110.4 million. The adverse impact to the Group's earnings was primarily due to the temporary closure of the Group's businesses in Malaysia and the UK, in addition to the Group's properties operating at a reduced capacity in compliance with the respective government directives amid the pervasiveness of the Coronavirus Disease 2019 (COVID-19) pandemic. The Group reported loss before tax of RM559.7 million and net loss of RM501.3 million.

The leisure and hospitality business in Malaysia recorded a 76% decline in revenue to RM299.0 million and adjusted LBITDA of RM83.6 million. This was predominantly due to the suspension of the Group's resort operations from 22 January 2021 until mid-February 2021 in compliance with the government's implementation of a second Movement Control Order, and the subsequent reopening of the properties with reduced capacity. Additionally, stricter travel restrictions nationwide had resulted in lower visitation and overall business volume at Resorts World Genting (RWG). Nevertheless, the impact to the Group's earnings were mitigated by a reduction in operating expenses as well as payroll and related cost savings from lower headcount.

In the United Kingdom (UK) and Egypt, revenue from the Group's operations decreased by 89% to RM40.2 million and the Group registered adjusted LBITDA of RM51.7 million. This was mainly due to the temporary closure of Resorts World Birmingham and the Group's other land-based casinos in the UK amid a nationwide lockdown to curb the spread of COVID-19. Additionally, Crockfords Cairo had recorded lower volume of business. The impact to the Group's earnings were mitigated by lower operating expenses.

In the United States of America (US) and Bahamas, revenue from the Group's leisure and hospitality business declined by 20% to RM256.3 million. The decrease was primarily due to the reduced operating capacity at Resorts World Casino New York City (RWNYC) in compliance with government directives, in addition to a statewide curfew on casinos. Nevertheless, the Group reported adjusted earnings before interest, taxation, depreciation and amortisation (EBITDA) of RM68.6 million, an improvement of nearly five times from the same period last year. The recovery in earnings was aided by payroll cost savings and lower operating expenses at RWNYC.

Outlook

The recovery momentum of the global economy is expected to continue, aided by the fiscal and monetary policy support in certain major economies as well as the ongoing roll-out of mass vaccination programmes. However, uncertainties surrounding the global outlook remain given the evolving COVID-19 situation. In Malaysia, the reinstatement of stricter containment measures in various locations due to a resurgence in COVID-19 cases will affect economic activities in the near-term.

The outlook for the tourism, leisure, and hospitality industries remain highly uncertain as recovery setbacks persist amid ongoing travel restrictions in response to the pandemic. Consequently, the regional gaming market will continue to face significant challenges in the short-term.

The Group maintains its cautious stance on the near-term prospects of the leisure and hospitality industry.

In Malaysia, the imposition of a third Movement Control Order (MCO 3.0) nationwide will continue to adversely impact the Group's business following the temporary closure of RWG's casino operations from 24 May 2021. The Group will continue to assess its operating structure to align its cost base to the challenging operating and business environment. The health and safety of the RWG community remain central to the Group's efforts. While the Group continues to work towards the completion of Genting SkyWorlds outdoor theme park in the third quarter of 2021, the opening date of the park is dependent on developments surrounding the COVID-19 situation and its impact to the leisure and hospitality sector in the country.

In the UK, the Group's land-based casinos have reopened since 17 May 2021. The Group will focus on driving revenues and business volume at its venues, while adopting an agile approach in managing its cost structure and business model to better adapt to the new operating environment.

In the US, the Group remains committed to reinforcing its position in the New York State gaming market by leveraging synergies between RWNYC and Resorts World Catskills to develop and grow its strong local market exposure. Meanwhile, preparations are in place for the opening of the new 400-room Hyatt Regency JFK at Resorts World New York hotel from the middle of 2021. With the roll-out of new amenities at RWNYC, the expansion project will improve RWNYC's competitive position in the region, in addition to providing the Group with an ideal platform for growth. In the Bahamas, the Group will continue to focus on driving visitation and spend at RW Bimini.
